Urban planner and GIS analyst

# Elias Brandt

Urban planner with nine years in masterplanning, mobility and spatial analysis. I pair GIS modelling with workshops that residents actually attend, so plans rest on evidence and on local knowledge. Looking for a lead planner role on large-scale regeneration or transit-oriented development.

Map key, selected projects

1. **Binnenhaven masterplan** Rotterdam, 2024
2. **Tram corridor study** Delft, 2021
3. **Climate-adaptive streets pilot** Delft, 2020

## Experience

### Senior Planner
Mar 2022 – Present

**Rijnmond Urban Studio, Rotterdam**

- Lead planner on the Binnenhaven masterplan: 1,800 homes, six hectares of public realm and a new tram stop.
- Ran 14 community workshops with about 900 residents; their input changed the block layout and cut planned parking by 22%.
- Built the GIS walkability model the municipality adopted for all area plans from 2025.

### Urban Planner
Sep 2019 – Feb 2022

**City of Delft, Planning Department**

- Led the 8 km tram corridor study: five stop locations, street sections and a traffic-impact model.
- Delivered the climate-adaptive streets pilot; peak runoff fell 31% in modelled storms.
- Prepared zoning amendments and advised on 40+ permit applications a year.

### GIS Analyst
Aug 2017 – Aug 2019

**Hollandse Geodata BV, Utrecht**

- Built and maintained spatial datasets for 11 municipalities; automated map production, cutting turnaround from four days to one.

## Education

**MSc, Urbanism, cum laude**
Polder University of Technology, 2015 – 2017

**BSc, Geography and Planning**
Vechtdal University, 2012 – 2015

## Skills

**Spatial analysis**

QGIS · ArcGIS Pro · PostGIS · Python, GeoPandas · Network analysis

**Planning**

Masterplanning · Transit-oriented development · Participatory planning · Climate adaptation · Zoning and permits

**Communication**

Rhino · Illustrator · InDesign · Workshop facilitation

## Registration

**Registered urban planner**
Dutch planning register, since 2021

## Languages

| | |
|---|---|
| Dutch | Native |
| English | Proficient, C2 |
| German | Upper intermediate, B2 |

## Talks and writing

**Speaker, Urban Futures Conference, 2025**
Walkability models for municipal planning

**Co-author, *Streets That Drain*, 2022**
A guide to climate-adaptive street design
