Rafid Hasan

Junior full-stack developer

Computer science graduate who builds whole features end to end. I ship small things often, write tests before bugs find me, and learn fastest from people who review my code closely.

Selected projects

Web app

Tutorly

A tutor-matching platform for school students, with booking, reviews and payments.

`Next.js` `PostgreSQL` `Prisma`

Piloted with 120 students.

Mobile app

RouteMate

A bus-route planner built on a crowd-sourced dataset of Dhaka stops and routes.

`React Native` `Node.js` `MongoDB`

900+ stops mapped by 70 users.

Realtime

Pulse

A live campus-events feed with push updates and a moderation queue for organisers.

`Express` `WebSockets` `Redis`

p95 under 120 ms at 500 users.

Experience

Software Engineering Intern

Jan – Jun 2026

Bitwave Technologies, Dhaka

- Built an inventory dashboard in React and Node.js for the warehouse team; daily stock reconciliation dropped from three hours to under one.
- Wrote 60+ Jest tests and set up a GitHub Actions pipeline that runs them on every pull request.

Freelance Web Developer

Jun 2024 – present

Self-employed, Dhaka

- Built six business websites with Next.js and a headless CMS for clinics, tutors and a bakery; three clients returned for further work.
- Handled hosting, domains and payment integration, and trained clients to update content themselves.

Education

BSc, Computer Science and Engineering

2022 – 2026

Meridian University of Science and Technology, Dhaka

- CGPA 3.71 out of 4.00, with coursework in databases and machine learning.

Teaching and activities

- **Teaching assistant** for Data Structures, 2025.
- **Vice-president**, university programming club, 2024 – 2025.
- **Participant**, ICPC Dhaka regional, 2024.
